

ENHANCING SUPPORT FOR ROMA WOMEN VICTIMS OF GBV

PROJECT OVERVIEW

The RoW-Power project aims to enhance the skills and capacities of Roma Mediators and Gender-Based Violence (GBV) professionals. Our focus includes supporting Roma Mediators and GBV Professionals to offer Roma women appropriate GBV support services, foster cultural understanding, improve support services, and enhance collaboration. This looks to empower professionals and create positive change in the lives of Roma women, affected by GBV in Germany, Greece, Macedonia, Spain, Romania and Ireland.

WHAT DO WE OFFER?

The RoW-Power project offers:

- Guidelines on how Roma Mediators and Support Service Professionals can Recognise and Effectively Address the Needs of Roma Women Victims of GBV
- A Capacity Building Programme for Roma Mediators and Professionals
- Awareness Raising Campaigns and Workshops
